Profile

A highly organized and technology admirer enthusiast with a keen interest in contributing to innovative projects. Eager to apply theoretical knowledge in a practical work environment, seeking an internship opportunity to expand my skills and gain hands-on experience. Adaptable and quick to learn, with a commitment to contributing positively to collaborative team environments.

Professional Experience

2023 – present **Technical Intern**
Nyaaya
- Troubleshooting and debugging code to fix issues and improve website performance.
- Maintaining and updating existing website pages to ensure they are running smoothly and up-to-date with the latest technologies.
- Providing technical support and training to end-users and clients.
- Designing and developing a WhatsApp chatbot using Gliffic, improving communication with viewers and increasing efficiency in handling inquiries.

2022 – present **Technical Manager**
Cherry+ network, University Club
- Developing club websites using React frameworks, ensuring that they are responsive, accessible, and optimized for search engines.
- Contributing to the continuous improvement of the development process by providing feedback and suggestions.
- Building reusable code and libraries for future use.

2020 – 2021 **Frontend Intern**
The Girl Code
- Building newsletters for emails using vanilla HTML and CSS
- Translating design mockups with attention to detail, ensuring that the design is replicated accurately and all elements on the page are functioning as expected.
- High-quality designs that are free of errors and issues
